ABOUT ME

I am a degree educated and recently qualified EFL teacher. I have not worked as an EFL teacher yet, however I have previous experience working with children within a learning environment and have used my creativity to plan and produce stimulating lessons and engage a class. I work well in a team and can communicate effectively at all levels and ages.

EXPERIENCE

I worked at a Centre for special needs children for 3 years (Jan 2021-Dec 2023). My role at the Centre was that of a teacher/therapist. I had my own class of 4 students that had Autism Spectrum Disorder. My daily roles included controlling and carrying out gross motor activities, fine motor activities and speech with children aged between 4-9 years old. As well as planning and producing lessons to keep up with the children's academics. The purpose of the Centre was to prepare these students for Remedial units or special needs schools. Myself and the other staff would rotate classes a few times a week for 45 min lessons, so that we could work with the other children as well as expose the children to different types of lesson types and teaching styles. The other classes I would rotate with consisted of between 4-8 students, who ranged between the ages of 3-12 years old.
