

Jeffrey Dawtrey

Hi Everyone as you can see my name is Jeff I have a real passion for life, and learning along the way, I have been so lucky to be able to travel as you can see I was an Au pair where I got to learn more about teaching and how to get better. My main goal in every job I have is to learn from and improve as a person, as a teacher I take every student seriously so that they can thrive in learning a new language.
