## Profile

As an enthusiastic and dedicated English teacher, I have acquired invaluable knowledge in language instruction as a volunteer teacher during my university years, as well as via my recent positions as a supply teacher and a learning support assistant. Additionally, my experience as an EFL teacher in a summer camp has enriched my skills.. These experiences have significantly honed my communication and pedagogical abilities. Complementing my teaching acumen, my educational background in psychology has equipped me with the necessary knowledge to support and guide students throughout their academic journey and enhance their overall school experience.

My primary goal is to inspire love for learning languages and foster an appreciation for diverse cultures. To achieve this, I strive to create a fun and engaging learning environment that ignites my students' curiosity and enthusiasm for languages and culture. I am passionate about sharing my appreciation for language and its crucial role in culture with my students and I am committed to making a positive impact on their lives through education.
