## Overview

I have a master's degree from the **State University of New York (SUNY)** and I have worked as a part-time English teacher for **over 10 years**. I have a **Level 5 TTA** Certificate from the **TEFL Academy** and an **8.5 IELTS Band Score** (General, 2021). Since I learned English at a young age and lived in the US for a few years, I speak near-perfect English with a standard American accent. At this point in my teaching career, I wish to explore new opportunities, meet new people, and learn new things.
