Profile

I am a degree-educated, and certified EFL teacher with a BA in Motion Picture and a solid foundation in creating engaging, visually impactful lessons. With a background in both TEFL and the arts, I bring creativity and adaptability to my teaching approach, focusing on designing dynamic, inspiring lessons that capture students' interest. My experience in special effects makeup has taught me the importance of patience, attention to detail, and resilience—qualities I apply in the classroom to foster a positive, inclusive learning environment.

In my recent TEFL experience, I have developed lesson plans for pre-intermediate students, integrating authentic resources to make topics like the environment and travel both relatable and thought-provoking.

A mature and dedicated professional, I am committed to continuous improvement, both as an educator and a team player, and I am eager to contribute positively to the success of the school and the development of my students.
