### Objective

As an experienced educator with a strong background in media studies and curriculum design, I thrive on creating engaging and effective learning experiences. My career has allowed me to work in diverse educational settings, where I've developed a passion for integrating media and instructional design to enhance the learning journey.

### Experience

#### March 2024-Present

**English Specialist** • Maharishi Institute

I am a subject leader and am tasked to develop curricula suited for different learning levels for teaching various aspects of English.

#### February 2021-Mach 2024

**English and AP English Educator** • Pinnacle College Linden

I taught English Home Language, AP English, and Life Orientation to students in grades 8–11. I have extended my impact beyond the classroom by leading extra-mural activities like robotics and debate, harnessing my passion for cultivating critical thinking and teamwork skills. Additionally, my leadership roles involved serving as Grade Head as well as the subject leader for English.

#### February 2019- Present

**Media Studies Tutor and Lecturer** • University of Witwatersrand

I collaborate closely with Course Coordinators and Lecturers to design and execute weekly lessons, in addition to evaluating tasks, assignments, and examinations assigned to students.

#### December 2016-2019

**Examinations Assistant** • Gauteng Department of Education

This role involved organizing examination scripts, verifying the accurate allocation of marks, and ensuring the integrity and completeness of all scripts. Additionally, I handled the scanning and inputting of marks for each candidate.
