About Me

Although new to the profession, I have gained valuable experience during my 4 year degree and teaching practicals, where I developed skills in lesson planning, classroom management, and student support. I am passionate about creating a positive and inclusive environment where all students can succeed and grow. Additionally, I understand the importance of child safety and well-being, and I fully adhere to safeguarding policies, ensuring that every child's physical, mental, and social needs are respected and protected. My teaching philosophy is deeply aligned with the responsibility of maintaining a safe, supportive classroom, where mutual respect and care are central to the learning process.
