B.Sc (Psych) - current 2024

PROFILE

I am a very hardworking student and very determined to learn new things. I am Independent and goal driven.

I get along with people and have a very bubbly and friendly personality, I am very organised and enjoy working systematically. My motto is to never give up no matter how difficult things might get.

I'm redid the following subjects to boost my NSC marks, Mathematics, Life Sciences and Physical Sciences. I will do my final rewrite in November 2023 and will receive my NSC certificate in June 2024.

My plans for the future is to become a Psychologist. I love helping people in need and dislike seeing people in pain whether it's physical or mental, I've always wanted to become a Clinical Psychologist. I'm always offering a helping hand to those in need no matter the situation. After completing my first aid course and hearing stories about how our instructor has helped so many people in emergency cases, it inspired me to follow my dreams and one day work with people.
