KNOWLEDGE OF FOREIGN LANGUAGES

I have a certificate of completion of the "First state courses of the English language" with an excellent result. As additional subjects, successfully studied "English for the media", "Public Speaking", "Academic Writing". "German language - 1, 2", which is confirmed by the certificate of the National University "Kyiv-Mohyla Academy" and "Polish language", as a compulsory subject. I'm currently studying Spanish with great enthusiasm and convinced that a teacher is very similar to his students. True teacher never stops learning and developing. I believe, that whether you teach or learn – it's not just "a job", but an expression of our passion for life.
