Work Experience

Volunteer Gardener/ English Tutor

Internationale Jugendgemeinschaftsdienste - Potsdam, Germany (DE)

June 2022 to July 2022

I participated in a 552-hour international volunteer project where we worked as Volunteer Gardeners at Park Sanssouci in Potsdam, Germany which is a suburb of Berlin, Germany. This was a live-in project where the group had to work and live together for the duration of the project. We all took part in cleaning, cooking, and organizing to practice community living. Our role was to assist the Gardeners in the upkeep of the grounds and the hippodrome of the historic park, that was built by the Prussian Kings. During this time I was able to connect with people from around the globe ranging from Turkish Mechatronics Engineers to German Social Workers for a very enlightening experience in different cultures and professions. I once again was the only native English speaker and played a consistent role in developing the grammatical English skills of a few of my fellow volunteers.

I met all kinds of people from many areas of the world as the group was varied and at least 8 different nationalities were represented. Our role was to aid the Park Rangers in a wide variety of important environmental conservation work in the park that was detrimental to the restoration of the park from 6 a.m. to 2 p.m. . I also played the interpersonal role of English Tutor among the group as I consistently worked with some members of the group to improve their English skills as I was the only native English speaker present. We worked on their grammar, pronunciation, idioms, and other things.
