Profile

I am a degree educated, TEFL Level 5 qualified EFL teacher. My teaching style is kind, patient and enthusiastic, having learnt skills of communication and organisation from my teaching and workshop hosting experiences. The skills needed to understand and meet the needs of an individual student, as well as creating a sense of community, come naturally to me. My creative background allows me to design exciting and engaging materials for students, enhancing their learning experience. Through my experience teaching a range of 5-18 year olds with a particular focus on 5-11 year olds, I am confident in my abilities to manage a classroom of young learners and tailor my resources to suit their needs.

Hobbies and Interests

I love to travel, meet new people and learn about their cultures and languages, and am currently learning Korean. After graduating from my degree in fine art, I continue to work on art projects consisting of community-based exchanges with a focus on accessibility. Outside of my art practice I have a great interest in music which I mostly explore through guitar and songwriting. I also love to cook for others, as it's a great way to foster new connections and share my own culture.
