## PROFILE

Started working when I was 10 years old doing janitorial and continued until I turned 17. The high school I went to (ACE High School) was a career oriented school and I focused on construction. During the summers I worked different forms of construction and started a plumbing job in my senior year of high school.

I've done volunteer work most of my life and developed teaching and public speaking skills.

## EXPERIENCE

### Janitor-All Klean-Reno, NV — 2014-2021

My responsibility was to clean an architectural firm twice a week.
