EDUCATION

STARTED BACHELORS OF EDUCATION DEGREE IN 2018, 2023 IS THE FINAL YEAR

The university of South Africa

I hope to get an early start in my prospective teaching career, as I wait for UNISA June exams to end. I have received The University of South Africa's Merit bursary for my outstanding results each year, and now have 48 credits more (4 modules will be completed in 2023) to graduate.

In **2017** I was awarded a scholarship to study at the **Centre for Fine Art, Animation and Design College** (in Pietermaritzburg). I was placed 1st for design and animation and 2nd for fine art in my first year. This opportunity was taken from me as the college was closed down by the Department of Education in 2018. This left my diploma in this field incomplete.

I matriculated at Raisethorpe Secondary school in 2016 and received my National Senior certificate allowing me to study towards a Bachelor's degree in any field of study. This was done in South Africa with 5 Distinctions and an award for being placed 14th in the grade (award of Merit).
