Hobbies & Interests

My hobbies and interests involve a lot of my family. We love to workout together. I have been trained and have a certification in Chinese weightlifting, we use this to teach our son and others to achieve certain goals. My son and I love to fish and in Florida there are lots of lakes and the ocean to give us an opportunity to catch fish. I also love the outdoors, hiking and taking adventures, which takes us to

different countries. Traveling is also something that I love to do, my family and I have been all over the United States and have visited 5 different countries. Something that I always have loved to do is play baseball, this is something I have played since I was 5 and I get to share that experience with my son. After all of that excitement with my downtime reading and drawing are somethings I like to do on a weekly basis.
