Yes, Code B

Health

Excellent

Introduction

Hello my name is Keenan I am 26 years old and I currently live in South Africa, it has been my dream to travel and teach abroad since I was in highschool. I am a native level English speaker and have done 100% of my education in English I am an honest and hardworking individual and take pride in the quality of my work.

I do not have any teaching experience but I have completed a 300 hour TEFL course covering teaching young learners, Business English as well as One-on-one lessons as well as a diploma I am a recent graduate of a private tertiary institution (CTU), with experience repairing computers and printers as well as designing logos and content, I am a qualified Web Developer with a wide flexible skill set. I have a code B driving license as well as transport.

The country I live in is very diverse in terms of geography so I am used to living in most environments and adapt quickly to new or unfamiliar environments.

Thank you so much for taking the time to review my application. I would appreciate the chance to schedule an interview with you so we can discuss how I can contribute to the success of your students and your institute.

Experience

2016-2016

Apprentice Technician

Toshiba Randburg

• I enjoyed working for such a big company, I feel like the small role I played was important to the company, I spent my time at Toshiba helping clients over the phone when they had difficulty with their machines or face to face if I was on site, this was an amazing experience for me as I got to explore a lot of Johannesburg and see many different kinds of companies and their inner workings.

2016-2017

On site Technician

Billings Tech

On-site Technician for touch screen and holographic units.

On-site PC maintenance.

Temporary position involving technical and IT support as well as doing contractor work for other tech companies installing 55' touch panel's custom projectors and other exclusive tech solutions such as non-interactive holograms. (Contact person Marcole Billings: 0645066818).

2019-2020

Remote data capturing

Zido Cars

I was a remote data capturer for the companies financial manager and basically what I did was manage take clients information from physical copies and input it into the system to check if they were eligible for loans on cars.

2020-2021

Call center agent

Shapiro Shaik Defries and associates

I worked as a callcenter agent for a short time, my position involved calling clients and collecting debt from them.

Education
