About Me

I am an experienced, degree-educated, and qualified EFL teacher. I enjoy creating stimulating and engaging lessons catered to the level and needs of my students. I work well in a team and communicate effectively with students at all levels and ages.

Experience

Even before obtaining my TEFL Certification, I've undergone training and worked as a part-time online ESL tutor for an Japan-based online English school catering to students coming from Japan, South Korea, Taiwan, and Thailand. While studying for my certification, I also applied what I learned to make my classes more engaging and appropriate to the CEFR Levels of my students. I've also adjusted and honed my teaching skills.
